Permit: PBR 15021 and PBR 15025

Mr. Erick Lariviere  
Wagner Forest Management  
PO Box 933  
Bangor, Maine 04401

Dear Erick,

The Maine Forest Service received your NRPA Permit by Rule application on November 02, 2015 for the installation of a bridge in an unnamed brook on land you manage in Phillips, Maine (PBR 15021) and a second NRPA Permit by Rule application on November 19, 2015 for two bridges and a culvert across an unnamed brook on land you manage in Kingfield, Maine (PBR 15025). The Permit by Rule (PBR) forms have been reviewed by the Maine Forest Service and were found to be complete.

The review of PBR 15021 and PBR 15025 by the Maine Forest Service finds that your projects as outlined in the applications will meet the requirements for the Permit by Rule, Chapter 305, Section 10 for the planned projects. As long as water levels remain low you may proceed with the projects as they have been described in the applications PBR 15021 and PBR 15025.

Please refer to the Permit by Rule standards for guidance to insure that the project meets or exceeds standards: <http://www.maine.gov/sos/cec/rules/06/096/096c305.doc>.

Please contact me if you have any questions.

Sincerely,

James Ecker
